Product Care

- ◆ Our finishes can be delicate and require both drying after use as well as careful & regular cleaning routines.
- ◆ Normal cleaning should only be done with mild liquid soap in warm water, applied with a soft cloth
- ◆ Mineral buildup can be removed with lemon juice in water, applied with a microfibre cloth and then rinsed
- ◆ Occasional application of wax or polish will help reduce mineral based standing water marks.
- ◆ Cleaning products containing bleach should NOT be used.
- ◆ Abrasive cleaning materials should NOT be used.
- ◆ Periodically apply polish/wax as specified in the care instructions to maintain appearance.
